

Versimat

1 Identification

GHS Product Identifier

Versimat

Other means of identification

VM

Recommended use of the chemical and restriction on use

Industrial Applications

Supplier's details

MYCELX Technologies
2420 Meadowbrook Parkway
Duluth, GA 30096
(770) 534-3118

Emergency phone number

ChemTel : 1-800-255-3924 (USA, Canada, Puerto Rico, U.S.Virgin Islands)
: +01-813-248-0585 (International, Collect calls accepted)
: 000-800-100-4086 (India)
: 01-800-099-0731 (Mexico)

2 Hazard(s) identification

Classification of the substance or mixture

This product, when used in accordance with stated and customary directions for use, is not expected to present a health hazard.

GHS label elements

3 Composition/information on ingredients

Description	CAS Number	EINECS Number	%	Note
MYCELX®	173967-80-1		1 - 5	
Substrate (Composite products with polypropylene/polyethylene lays and foam)			95 - 99	

4 First-aid measures

Description of necessary first-aid measures

If respiratory irritation occurs, remove affected personnel to fresh air. Obtain medication attention if irritation persists or is severe.

Wash skin with mild soap and water. Individuals experiencing skin sensitivity should obtain medical advice.

Most important symptoms/effects, acute and delayed

None expected

Indication of immediate medical attention and special treatment needed, if necessary

None expected

5 Fire-fighting measures

Suitable extinguishing media

Water spray, Alcohol-resistant foam, Dry chemical, Carbon dioxide (CO₂)

Specific hazards arising from the chemical

As with any fire involving polypropylene/polyethylene/foam, toxic fumes and dense smoke may be released.

Special protective actions for fire-fighters

Avoid inhalation of vapors. Use self-contained breathing apparatus when fighting fires in confined areas.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures

No special measures should be necessary beyond general house keeping.

Methods and materials for containment and cleaning up

Dispose of in accordance with federal, state and local regulations.

7 Handling and storage

Precautions for safe handling

No special requirements necessary

Conditions for safe storage, including any incompatibilities

Store between 0° and 25° C in a dry, well ventilated place

8 Exposure controls/personal protection

Individual protection measures

Gloves may be used by individuals experiencing skin sensitivity.

9 Physical and chemical properties

Physical and chemical properties

Form	Solid
State of mater	Solid
Color	Yellow
Odor	Characteristic
Melting Point	219° to 239° F

10 Stability and reactivity

Chemical stability

Stable

Conditions to avoid

Strong oxidizers, open flames

11 Toxicological information**Toxicological (health) effects**

When used and handled according to specifications, the product does not have any harmful effects

12 Ecological information**Toxicity**

None.

Persistence and degradability

The product is inert and not biodegradable. Due to negligible water solubility, it produces no effects on aquatic environment.

Bioaccumulative potential

None expected

Mobility in soil

Product will not migrate

Other adverse effects

None expected

13 Disposal considerations**Disposal methods**

Dispose in accordance with federal, state and local regulations

14 Transport information**UN Number**

Not applicable

UN Proper Shipping Name

Not applicable

Transport hazard class(es)

Not applicable

Packing group, if applicable

Not applicable

Environmental hazards

None

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable

15 Regulatory information

Safety, health and environmental regulations specific for the product in question

SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold reporting levels established by SARA Title III, Section 313.

16 Other information

Other information

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. MYCELX Technologies Corporation and its Affiliates shall not be held liable for any damage resulting from handling or from contact with the above products.

This product is not considered to be or to contain hazardous chemicals based on evaluations made by our company under the OSHA Hazard Communications Standard, 29 CFR 1910.1200. It has been evaluated as an Article, defined as a manufactured item: (1) which is formed to a specific shape or design during manufacture (2) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (3) which does not release, or otherwise result in exposure to, a hazardous chemical under normal conditions of use.
